

**Workshop: Creating a Sustainable Environment for Holistic & Innovative Care for Rare Diseases & Complex Conditions
Frambu Resource Centre for Rare Diseases, Oslo, 12-13 April 2018**

Agenda

DAY 1: Thursday, 12th April

08:25 Bus transport from hotel to Frambu

09:30 Welcome to the meeting (20') *Kristian E. Kristoffersen & Lisen Julie Mohr, Frambu*

09:50 Introduction & expected meeting outcomes (20') *Raquel Castro, EURORDIS & Victoria Hedley, University of Newcastle*

10:10 Integrated care at the core of European Policy for Rare Diseases (20') *Victoria Hedley, University of Newcastle*

10:30 Coffee break (30')

Session 1: Promoting integrated holistic care for rare diseases

11:00 Why does it matter? (10') *Raquel Castro, EURORDIS*

11:10 Learning from case study health and social care providers' successes and challenges. Case study presentations:

11:10 INNOVCare pilot of case management for rare diseases (20') *Dorica Dan, NoRo resource centre for Rare Diseases*

11:30 Centre of Expertise (CE) example (20') *Eduardo Tizzano, RD Unit, Hospital Universitari Valle Hebron, Barcelona, Spain*

11:50 What are the key strengths of these CEs/HCPs? What makes them such good examples? (30') *QA & Discussions*

12:20: Lunch Buffet (70')

Session 1 (cont.)

13:30 European Reference Networks (ERNs) and the status quo of integrated care: Results of cross-ERN survey (20') *Victoria Hedley*

13:50 ERN Case Studies (30'): *ERN EYE (Hélène Dollfus): ERN TRANSPLANT-Child (Juan Manuel Torres Canizales): ERN ITHACA (Bronwyn Kerr)*

14:20 Possible roles of ERNs and CEs in supporting integrated care for rare diseases (60') *QA & Discussions*

15:20 Coffee break (20')

Session 2: Assessing and monitoring the impact of integrated care for rare diseases

15:40 Lessons learnt so far from the evaluation of social & economic impact of the INNOVCare pilot (30' w/ QA) *Juliet Tschank, Zentrum für Soziale Innovation & Vibeke Sparring, Karolinska Institutet*

16:10 How might ERNs' data collection and/or indicators support the assessment and monitoring of patients' quality of life (QoL) and of the impact of integrated care?

16:10 Core Indicators for ERNs: achievements to-date of the ERN Working Group on Assessment & Monitoring (20') *Michelle Batty, eUROGEN*

16:30 Possible roles of ERNs to support the assessing/monitoring of QoL and of the impact of integrated care (30') *QA & Discussions*

17:00-19:00 Open house at Frambu: visit the centre & meet the team

19:00-21:00 Networking Dinner

21:00 End of the day; Bus transport to hotel

DAY 2: Friday, 13th

08:25 Bus transport from hotel to Frambu

Session 3: Promoting integrated holistic care for rare diseases - key issues to transfer and sustain integrated care across Europe

09:30 Key issues for the implementation of integrated care for rare diseases: preliminary results of interviews in MS (30' w/ QA)

Irina Vana & Barbara Glinsner, Zentrum für Soziale Innovation

Breakout Sessions: Key issues for the implementation and sustainability of holistic integrated care for rare diseases

10:00 Introduction to the exercise (10') *Raquel Castro, EURORDIS*

10:10 Discussions in parallel sessions ('120) *Topic briefs to be sent to participants 1 week ahead of the workshop*

Guiding questions: What needs to happen within each of these topics, to improve the status quo for rare diseases? What might ERNs specifically do to make an impact?

1. Health & Social Care: structural coordination & cooperation to ensure person-centred holistic care pathways

2. Patient empowerment & engagement: strategies to ensure person-centred care & meaningful patient engagement in care design

3. Knowledge sharing: effectively promoting the exchange of good practices/expertise/information to support holistic care

4. Professionalization of the coordination of care: who coordinates care? What is the role of case managers? How to train them?

5. Data collection: demonstrating the impact of the services on patients' QoL/public health & the cost-efficiency of integrated care

12:10 Recap of breakout sessions (40') *Poster session*

12:50 Next Steps & Take home messages (10')

13:00 Farewell - Lunch boxes (30')

13:30 End of the meeting; Organised transport to Oslo city

This workshop is co-organised by EURORDIS and the University of Newcastle, on behalf of the EU-funded projects INNOVCare and RD-Action, respectively.

These projects are co-funded by
the European Union
